

Dean, Faculty of Natural & Applied Sciences

Trinity Western University

Langley, BC

As a member of the Deans' Council, the Dean, Faculty of Natural & Applied Sciences (FNAS) serves as a senior academic leader of the University and advisor to the Provost and will responsibly represent and implement the academic and administrative policies and decisions of the University internally and externally. The Dean, FNAS will demonstrate wise, strategic, and collaborative management of the curricular, pedagogical and scholarly gifts of the faculty and students. The Dean provides visionary leadership in alignment with the vision and strategic direction of the University and builds effective external relationships that advance the interests of the University.

The Dean, Faculty of Natural & Applied Sciences must be capable of fostering an academic culture and program mix that deliver market-relevant, high-quality, student-focused learning experiences. The Dean will oversee the work of chairs, directors and/or Assistant or Associate Deans as well as staff in FNAS and provide effective mentoring of faculty in their professional development, the craft of teaching, the integration of faith and learning, and the advancement of scholarly pursuits, including being a national leader in Christian scholarship in the fields represented in FNAS.

The Dean, Faculty of Natural & Applied Sciences will be a dynamic and transformational servant leader of outstanding Christian character who is an effective ambassador of the mission, vision, and values of Trinity Western University. Possessing emotional and cultural intelligence, entrepreneurial ambition, financial and managerial acumen, and theological insight, the Dean is able to work in a highly collaborative manner that values diversity in people and ideas. Capable of managing the day-to-day operations of FNAS with a view to ensuring thriving programs, they possess the commitment, personal characteristics, insights and abilities of an effective administrative and organizational leader.

The targeted salary range for this position is \$140,000 – 150,000 annually, supplemented by a competitive total benefits package.
