

President & Chief Executive Officer **VANCOUVER COASTAL HEALTH** Vancouver, BC

Reporting to the Board Chair, the President & Chief Executive Officer (CEO) works with the Board of Directors and collaborates closely with the Ministry of Health, Indigenous communities, union representatives and other health authorities to set the strategic direction in alignment with the organization's values, the effective optimization of resources, and the integration of health equity and cultural safety for the diverse population it serves.

Vancouver Coastal Health (VCH) is committed to reconciliation and working closely with Aboriginal communities to build confidence in a health care system and work diligently to embed cultural safety and humanity within health services for First Nations and Aboriginal people. As a passionate and powerful leader, you will champion VCH's commitment to diversity, equity, and inclusion and ensure it is a recognized diverse and inclusive organization.

As the ideal candidate, you are a highly successful health care leader and relationship builder who is adept at working across the continuum of care delivering comprehensive acute, community and public health for a diverse population. Able to champion people around a common vision and resilient in the face of multiple complex challenges, you are a catalyst for transformational system level change, while honouring the patient-centred focus, collaborative history and proven success of responsive care in the organization across the extensive geography of BC.

Our patients are at the centre of everything we do. This is your opportunity to lead a complex health care organization, grounded in academic responsibilities and partnerships through this pandemic while ensuring VCH's unique and seamless delivery of health services along the full continuum of care model from acute to community is upheld.

The President & CEO must provide a steady hand and clear leadership, looking strategically towards the future leveraging the opportunities for transformation, shifting models of care to a modern and sustainable approach where it makes sense and influence positive innovation to deliver an integrated systems level exceptional care experience for all.

If this is the next step in your professional career, visit our website and submit your application to Allison Rzen and Shelina Esmail at www.pfmsearch.com.

About VCH

Dedicated to delivering the highest quality, culturally safe care and services across the continuum of care and public health, we are fully committed to supporting healthy lives with the robust resources of more than 14,000 full time staff, 3,000 physicians, 13 hospitals, 55 long term care and assisted living sites, a number of urgent primary care centres, 17 community health centres, and over \$4 billion in operating funding.

As one of British Columbia's six regional health authorities, VCH is a world class innovator in medical care, research and teaching, delivering service to more than 1.25 million residents in British Columbia, living in the communities of Richmond, Vancouver, North Shore, Sea to Sky Corridor, Sunshine Coast, and Central Coast.

Living in Vancouver

Consistently ranked as one of the most desirable places to live in the world, Vancouver, British Columbia is celebrated for its striking natural beauty, mild year-round climate and easy access to an abundance of outdoor recreational activities on both land and water. Often touted as the "most livable city" with economic and political stability, universal healthcare, world-class education system and infrastructures, it continually attracts the world's top professionals from across North America.
