The Executive Director of the KFNAHDS will oversee the programming, operations, and maintenance of three new residence buildings that meet the critical needs of Nation members. In addition to ensuring the smooth transition to occupancy, the Executive Director will hire and work alongside a team that will support all aspects of the organization as well as residents. This is an opportunity to make a significant impact in the quality of life for Katzie First Nation members. If this is the next step in your professional career, please visit our website and submit your application to **Allison Rzen** and **Jennifer Madden** at www.pfmsearch.com.

The Katzie are traditional hənqəmínəm speaking people. Most of our strong and growing community of over 600 members continue to live in our traditional territory. We continue, despite the devastating impacts of residential schools and the forced imposition of other colonial policies, to celebrate, strengthen, and practice the knowledge and traditions of our Ancestors.

The Katzie First Nation Affordable Housing Development Society (KFNAHDS) is in the process of opening three brand new, purpose-built residences to meet multiple critical needs of Katzie Nation members. Two of the buildings will be licensed and will provide specific supports, and the third will provide affordable housing for members. To oversee the successful operation of these residences, the Society is looking for a new Executive Director.
